To whom it may concern,

With reference to the ever-changing situation related to the COVID-19 pandemic. I can confirm that **West Contract Manufacturing** and its facilities in **Dublin, Ireland, Grand Rapids, Michigan USA, and Tempe, Arizona, USA** are integral parts of the supply chain for Eli Lilly and Company and its **patient critical pharmaceutical injectable products**, supplying pens and auto-injectors directly to Eli Lilly manufacturing site(s) in Europe and in the United States. It is critical to the supply chain and to the patients of Eli Lilly that **West Contract Manufacturing** continues to manufacture during the COVID-19 pandemic period.
